2023 NAPA VALLEY CABERNET SAUVIGNON

The Heitz Cellar Napa Valley Cabernet Sauvignon is sourced from our vineyards throughout the Napa Valley, with components of each contributing different sensory attributes to the final blend. The purpose behind the Napa Valley Cabernet Sauvignon is to create a wine that is representative of Napa Valley and to highlight all the qualities that make this area one of the world's premier wine growing regions. We continue to craft this wine to be a 100% Cabernet Sauvignon blend and made in the signature Heitz style to be fresh, elegantly structured, and built with the option for aging or enjoying upon release.

VINTAGE NOTES

A textbook growing season—long, cool, and dry—lent itself to an incredible vintage in Napa Valley. Harvest started late for our 2023 Cabernet Sauvignon and we immediately noticed fruit with depth and concentration of flavor. Bountiful yields produced a wine with a distinct expression of Napa Valley terroir and brilliant acidity.
