## SAUVIGNON BLANC EVERBLOOM

NAPA VALLEY  
2020

The 2020 Everbloom Sauvignon Blanc is bright and aromatic with classic tropical fruit characteristics, white floral notes, ripe peaches, and fragrant orange blossoms. Crafted from organic grapes and harvested at night, this wine is gently pressed and long fermented at 55°F to capture these nuanced aromatics. Aged in stainless steel for 9 months on fine lees to add texture to the wine without overpowering it. A mouthwatering wine with a fullness to it, we are thrilled to share a Sauvignon Blanc that is complex and complete.

**Appellation:** Napa Valley

**Harvested:** August 2020

**Aging:** 9 months in stainless steel

**Cases Produced:** 1,700

**Alcohol:** 13%

**Winemaker:** Brittany Sherwood

**Farmed:** Certified Organic

### ABOUT BRENDEL AND A NEW NAPA

Let's get real here. The Napa Valley has some of the best wineries on Earth, but it's also been described as a region of exclusivity. An area defined by fine wine and the people who drink it. And fine wine is fine, but only if it's good. Luckily, we make good wine. Because while fine wine brings some people together, good wine brings everyone together.
