

SAINT-BRIS SAUVIGNON BLANC 2023

Established in 1923, today La Chablisienne spans over 200 winegrowing families and 1,200 hectares of superior vineyard holdings and is known for producing some of the top wines in Chablis and Bourgogne. The winery's commitment to the environment is implemented at all levels of the company through programs to produce high quality wine while respecting and protecting people and vineyards by optimizing consumption and reducing carbon footprint.

Sauvignon from Saint-Bris is an oddity in Bourgogne as the only appellation growing this varietal. Its location adjacent to Chablis AOC, between the Yonne and Serein Rivers, gives an aromatic, refreshing wine with minerality that references its neighbor.
