

CA'ROME'

2018 BARBARESCO CHIARAMANTI DOCG

Cà Romé is a true family winery, nestled in the heart of Barbaresco. It was founded by Romano Marengo in 1980 after a 30-year career in the wine industry, during which he dreamed of making his own terroir-driven wines. Today it is run by Romano's children, Winemaker Giuseppe Marengo and Director of Operations, Paola Marengo.

The winery's vineyards in Barbaresco and Serralunga D'Alba consist of historic, marl-heavy soils and produce world-class, terroir-driven Barbaresco and Barolo wines.

Pure Nebbiolo from the Chiaramanti vineyard in Barbaresco (under MGA Rio Sordo), planted in 1978. Its terrain originated in the Tortonian- Messinian era; rich in calcareous clay and magnesium, manganese and zinc, it is made of very fine particles that tend to form layers (silty marl). Therefore, it is highly erosive.

TECHNICAL DETAILS

Vineyard Details

Orientation: South facing,

Guyot-trained vines

Elevation: 280 meters
(920 ft) above sea level

Vine Age: 45 years

Soil: Tortonian-Messinian soil, rich in very compact blue marl with elements like manganese, boron, and zinc

Varietal Composition
