"The 2022 Lascombes is a dark, potent Margaux. Succulent dark cherry, plum, new leather, licorice, incense and chocolate are all amplified nicely in the glass. Relatively soft contours wrap it all together. The 2022 shows a move in the direction of more energy, even in this freakishly hot, dry year... the 2022 is impressive in that it signals a greater focus on quality through much stricter selection of what goes into the Grand Vin."
